

Are you wishing
for a more peaceful
family life?

Positive Behaviour Support

For participants
of all ages

Person
and family
centred

NDIS
registered
provider

Behaviour Support SA's Positive Behaviour Support (PBS) is a therapy service that aims to improve the quality of life and self-esteem of participants through building capacity to live an ordinary life.

> Improve quality of life

> Strengthen family
relationships

> Expand social
connections

> Improve self esteem

Is the person you care for:

- Struggling to manage their feelings and behaviour?
- Needing help to access community and recreation activities successfully?

Do you want to connect with other families in a similar position?

The program may assist in:

- Minimising the impact of challenging behaviours on home, education and community based environments.
- Expanding social networks for participants and their carers.
- Empowering families to manage behaviour challenges as they arise.
- Supporting the development of functional daily living skills.

Who provides the service?

The Positive Behaviour Support service is provide by Behaviour Support SA

Behaviour Support SA is an initiative of Inclusive Sport SA offering face to face therapy services in the Adelaide Metropolitan region as well as online services across South Australia.

Our team are NDIA registered practitioners* qualified in disability related fields and study including Developmental Education and Psychology.

PBS Costing

PBS Therapy Service

- > **Initial Intake Assessment (2 hours)** - Following the assessment, a quote will be provided to detail expected timeframe to develop Positive Behaviour Support (PBS) plans.
- > Observations of the person (1-2 hour sessions) - across environments: Home, school and community based environment (if needed) to assist in the development of the PBS plan. Families will also be required to collect some behaviour data during this period.
- > PBS Plan Development (5 hours maximum) - Includes a family meeting to review plan.
- > Additional options (Charged per hour): parent workshops, specific skills teaching (e.g. communication, dealing with winning/losing), resource development (e.g. visual schedules, social story writing), support accessing recreational activities, case management or coordinating of supports.

Outcomes of the Service:

- > Improve quality of life
- > Strengthen family relationships
- > Expand social connections
- > Improve self esteem

Support for Schools and Organisations:

Although PBS Therapy is an individualised service, the Therapist is able to assist the participant's school, home or other activities through awareness training and support for caregivers, teachers and other support staff.
